I'm Ivan Beliaev, a 32-year-old hockey coach from Joensuu. My experience spans 5 seasons in the KHL and 2 in Finland, specializing in player development, video coaching, tactics, and scouting to help athletes and teams excel. Fueled by a deep passion for the game, I prioritize positive reinforcement and balance it with honest, direct feedback. I foster authentic relationships that ensure a supportive coaching environment and my commitment to players' growth and the team's success.

## Work Experience

|                                                                                                     |                                          |                    |
|-----------------------------------------------------------------------------------------------------|------------------------------------------|--------------------|
| <b>Assistant Coach</b>                                                                              | <i>Juniori Jokipojat ry</i>              | <i>(2024-2025)</i> |
